GE 2019 SPECIAL #1 THE NEWSPAPER OF THE BREXIT PARTY ISSUE #0005

GENERAL ELECTION SPECIAL #1

FIVE MILLION REASONS NOT TO VOTE LABOUR

- CORBYN HAS BETRAYED 5M LABOUR LEAVE VOTERS
- PROMISED TO RESPECT BREXIT – NOW PLANS RIGGED 2ND REFERENDUM
- LABOUR IS THE PARTY OF NORTH LONDON, NOT THE NORTH

BY NIGEL FARAGE

FIVE MILLION PEOPLE WHO VOTED LEAVE IN THE 2016 EU REFERENDUM THEN VOTED LABOUR IN THE 2017 ELECTION. Why? Because Jeremy Corbyn's manifesto promised Labour would respect the referendum result. But Corbyn's Labour has betrayed every one of the five million. Continued on Page 2.

LABOUR'S BREXIT BETRAYALS

- **2017 ELECTION MANIFESTO:**
'Labour accepts the referendum result' to leave the EU
2019 PARTY CONFERENCE:
Labour supports 'A new referendum with a real choice between a sensible leave deal or remain' – effectively a choice between Remain and Remain
- **2017 ELECTION MANIFESTO:**
'Freedom of movement will end when we leave the European Union'
2019 PARTY CONFERENCE:
Labour will 'Maintain and extend free movement rights' and 'Extend equal rights to vote to all UK residents'

Continued from Page 1.

No Leaver should vote Labour again. Corbyn's party has broken its 2017 election promise to respect the Brexit referendum result. Instead, Labour has become the party of the second referendum.

Labour plans a rigged referendum in which it would effectively offer us the 'choice' between outright Remain and another form of Remain – one where we 'leave' but stay trapped under EU rules. The option to Leave properly and take control of our laws, borders, money, fisheries and defence, which 17.4m voted for, would be erased from Labour's ballot paper.

Now Labour is guilty of a second Brexit betrayal. Its 2017 manifesto pledged to end freedom of movement for EU citizens after Brexit. This would mean Britain taking democratic control of our borders. Instead, the 2019 Labour Party conference voted to open Britain's borders by extending freedom of movement – and to give everybody who moves here the right to vote.

Labour has abandoned its roots in working class communities and turned its back on five million Labour Leave voters. Corbyn's clique

has nothing in common with these patriotic democrats. Labour has transformed itself into a creature of the metropolitan middle classes.

Corbyn's Labour is now the party of North London, not the North of England, the Midlands or South Wales.

For decades, Labour leaders have taken their traditional voters for granted. They have assumed that 'these people would vote for a donkey wearing a red rosette'. Enough is enough. In this election, those Labour 'donkeys' are at risk of becoming an endangered species in key seats.

The Brexit Party wants to rebuild Britain's development-starved regions by spending £100bn on transport projects and jobs outside London. We want to invest in the NHS to overcome health inequalities between North and South. Most of all we are standing to deliver a real Brexit and to introduce democratic reforms to ensure that Parliament serves the People.

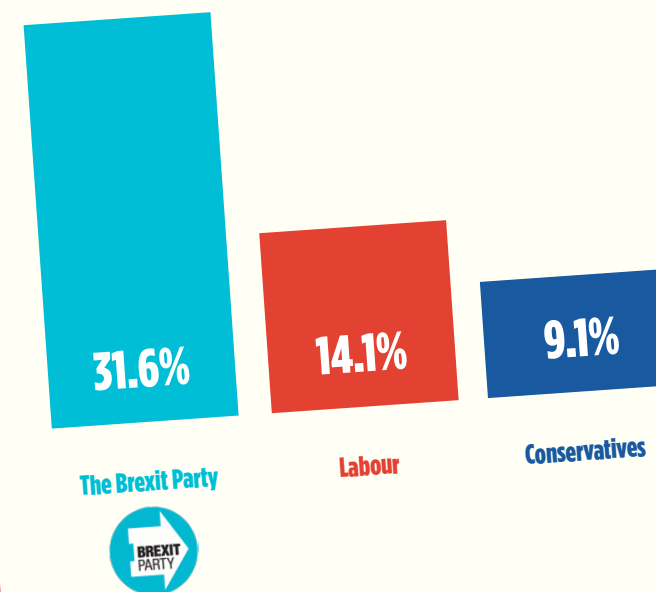

There are five million reasons not to vote Labour, and one big reason to vote for The Brexit Party. Who else can you trust to really get Brexit done and Change Politics for Good?

LEAVERS!
DON'T WASTE YOUR VOTE

- **CONSERVATIVES WON'T WIN IN KEY SEATS IN THE BREXIT HEARTLANDS**
- **ONLY THE BREXIT PARTY CAN BEAT CORBYN'S REMAINER LABOUR THERE**

EURO ELECTIONS 2019

This is a Brexit General Election. The choice on December 12th is between Leave and Remain. A recent Yougov opinion poll shows that 76 per cent of UK voters now think of themselves primarily as Leavers or Remainers. By contrast only 15 per cent identify 'strongly' with any political party.

So, the choice is clear: do you want a Brexiteer or a Remainer MP? In many key seats this time, that's a straight choice between The Brexit Party and Jeremy Corbyn's Remainer Labour.

We are standing against Labour and the Remain alliance in seats across the country. Our message is clear: Leavers – don't waste

your vote! Did you know **there are around 130 parliamentary seats which the Conservatives have not won for at least 50 years and will not win in this election?**

In many of these seats, a **Leaver's vote for the Conservative Party would be a wasted vote. It will risk letting in another Labour MP who backs a second referendum and wants us to Remain. In these areas the result will be: vote Conservative – get Corbyn.**

The Conservatives cannot beat Corbyn's Labour in its heartlands. The Brexit Party proved that we can when we won the European Elections in May, winning every Leave-voting region with

more votes than the Conservatives and Labour put together. Tactical voting could be big in this election. In seats where only The Brexit Party can beat the Remainers, every Brexiteer should vote for us.

This election is an opportunity to change politics for good, by putting Brexit MPs into Parliament. There can be no real Brexit without The Brexit Party to ensure it happens. Do you want a Brexiteer or a Remainer for your MP? Only The Brexit Party can beat Corbyn's Remainer Labour and stop their second referendum plot.

Leavers, don't waste your vote.
